FACTS YOU SHOULD KNOW ABOUT THE RED CROSS

Alexandria Chapter has Five Branches With Nine Auxiliaries and a Total Membership of 2,025 — Over Four Thousand Articles Made up and Shipped —Money Expended Amounting to Over $2,250— Splendid Work Being Accomplished.

In order that the people of the city may know what is being done by the Alexandria Chapter of the American Red Cross, the Gazette takes much pleasure in publishing the following facts concerning the organization and the highly creditable work that it is accomplishing.

The Alexandria Chapter was organized on February 24, 1916. At the annual meeting held October 8, 1917, four hundred and ninety-two members were reported enrolled and committee reports at that time showed the accomplishment of splendid work. Since the annual meeting fifteen hundred and thirty-three persons have been added to the rolls, making a total membership of two thousand and twenty-five.

Branches and Auxiliaries.

Mrs. Thomas W. Robinson, vice chairman of the organization, is chairman of the committee on organization of branches and auxiliaries. The chapter has branches in Rosemont, Braddock, Jefferson, West End and Herbert Springs. In addition to the five branches there are nine auxiliaries, as follows: Daughters of Isabella, Temple, Eastern Star, Macabees, M. E. Church South, Grace Episcopal church, Lincolnia, Little Liberty Workers and Lincoln.

Work Rooms.

The central workrooms of the Chapter are located at the southeast corner of King and Pitt streets. Members of the chapter and some of the auxiliary units meet here at stated intervals for work, under the supervision of ladies chosen by the different units of the organization. The branches and some auxiliaries have work rooms in their respective localities.

Every member of the Red Cross and every citizen interested in its work, is invited to visit the workrooms to help do this patriotic work, or to at least, see what is being done. The many new residents in Alexandria are urged to become interested in this work.

Work Done.

Since November 1, 1917, there has been made and shipped to the Supply Depot of the Potomac Division in Washington, 1,997 hospital garments and supplies under the supervision of Mrs. Elizabeth Foster; 1,613 surgical dressings under the supervision of Miss Clarence Snowden, and 163 knitted garments under the supervision of Mrs. D. Herndon. Mrs. Herndon has supplied four hundred and forty-three (443) additional knitted garments to men from Alexandria now in training camps.

This makes a grand total of forty-two hundred and sixteen (4216) articles made and shipped by the Alexandria chapter. Mrs. H. B. Caton is director of woman's work and responsible for general supervision of work rooms and work.

Classes.

Two classes in home nursing and elementary hygiene have been organized by Mrs. Geo. T. Klipstein. Thirty members are now receiving instructions. These classes meet once each week and three dollars and fifty cents is the charge for the course.

Dr. E. A. Gorman, former chairman of the Alexandria Chapter, has organized and is now instructing a class in first aid at St. Mary's Academy.

Mrs. Lard and Mrs. Land of Washington have instructed surgical dressings classes. Twenty students have qualified as expert surgical dressing workers and have been awarded certificates.

Home Service.

The Home Service committee, of which Mr. R. L. Payne is chairman and Miss Mary L. Whitall executive secretary, has recorded the Alexandria men in the army and navy. This committee acts in an advisory capacity to the families of the men in the service and renders aid when it is needed. Recently three hundred letters were mailed in reference to the War Risk Insurance and in response fifty-five families sought the advice of this committee. Several letters in appreciation of this service have been received. Mr. Gardner L. Boothe is the legal advisor for this committee and his service is tendered free to the families of the men now in the army and navy.

Junior Auxiliary.

In addition to the splendid work being done by the men and women, a Junior Auxiliary has been organized by Miss Katherine Stuart. This embraces the school children of the city and already exhibits of knitted and other garments demonstrate that the boys and girls can do their part.

Money Expended.

Since November 1, 1917, fourteen hundred and twenty-five dollars ($1,425) have been expended for materials and about six hundred dollars for other work. It is, therefore, evident that the chapter needs five hundred dollars per month to successfully continue the work which it is now doing.

Refreshment Corps.

The Refreshment Corps is one of the branches through whom the local boys have learned to know the Red Cross. It has equipped every boy who has gone from Alexandria with comfort kits, supplying them with lunches and sending to each a Christmas gift. The soldiers have thus had a concrete illustration of the true Red Cross spirit. This work has been done with no cost to the chapter. The Corps has also responded to emergency calls, having fed, during the months of December and January, about 700 soldiers. It is thus through the canteen work of this corps that the Red Cross must serve the soldiers who pass through the town.

ARRESTED ON SUSPICION.

Negro, Who Had a Number of Articles in His Possession, Resists Officers When Taken in Custody.

It was later ascertained that a store in lower Fairfax county had been robbed, and when Hill was brought before the Police Court this morning he was order to be held until authorities of Fairfax county could be communicated with.

Father Fitzpatrick delivered the sermon as the 11 o'clock mass, taking as his subject "The Divinity of Christ." The first was fined $1 and the latter was held subject to the appearance of the owner of the vehicle. Thee boy later agreed to pay the fine and was released.

The police are endeavoring to arraign all drivers of automobiles and trucks who are operating the same without licenses. ATTEMPTS OWN LIFE.

Posey Helms Shoots Self Through Worry Over Military Service.

Baltimore, Md., Feb. 25.—Fearing that he would be called in the second draft, although married, Posey D. Helms, 27 years old, a clerk in one of the big downtown department stores and the son of a wealthy Virginia farmer, is alleged to have attempted to commit suicide shortly after 11 o'clock yesterday by shooting himself over the heart at the home of his mother-in-law, Mrs. Charles W. Addison, 2027 North Calvert street.

Young Helms is in a serious condition at the University Hospital. Physicians say he has a chance of recovering, as the bullet just grazed the heart and lodged in the shoulder muscles.

According to close friends of the young clerk, he was worried a great deal over being called to the colors and being forced to leave his wife. It was also reported that he feared that he was suffering from tuberculosis.

Pauline Frederick in "Madame Jealousy."

A complete departure from her usual style of photoplay will be found in Pauline Frederick's newest Paramount picture, "Madam Jealousy" in which she is to appear at the Richmond Theatre tonight. "Madame Jealousy," by George V. Hobart, is an extremely picturesque allegorical photoplay which affords the actors chances for unusual dramatic acting and which has given the director, Robert Vignola, occasion to display his remarkable artistic ability. For instance, in "The House of the Heavy Hours" there are scenes of the weirdest, most bizarre beauty where almost Oriental luxury predominates.

At the Surprise tonight Wm. Duncan will be seen in Chapter 8 of the "Fighting Trail," and Viola Dale in an S. and A. feature "The Girl in the Library."

ACCEPT GERMAN PEACE

Russians Give Up Three Hundred and Eighty-One Thousand Square Miles to Teuton Invaders.

Petrograd, Feb. 25.—The executive committee of the Pan-Soviets agreed to accept the German peace terms by a vote of 126 to 85, with 26 not voting.

London, Feb. 25.—Russia's acceptance of Germany's peace terms changes the face of Europe.

It cuts off from Russia 381,000 square miles of territory, 50,000,000 population, and shoves her back from the Baltic, leaving her helpless and impotent in Germany's power, economically and physically.

The morning press today has not yet had time to comprehend the full meaning of the situation. The headlines contained such words as "tragic" "dismembered," "humiliating," "impotent."

The Post says there is no other hypothesis "but treachery."

"She is disarmed and helpless," says the Chronicle.

Stockholm, Feb. 25.—David R. Francis, the American ambassador to Russia, is reported to have left Petrograd, according to a dispatch from the Russian capital today.

Mr. Francis' destination is not definitely known, but it is believed to be Vladivostok.

RAID TEUTON TRENCHES

Two Officers, Men, and Machine Gun Captured From Enemy by Assault.

With the American Army in France, Feb. 25.—American soldiers co-operated with the French in a successful raid against German positions on the Chemin des Dames front just before dawn on Saturday, it was learned today.

Two German officers, twenty men and a machine gun were captured, the foray being carried out without any losses for the attackers.

The French and American raiders issued from advanced shell holes where they had concentrated for the operation. They quickly passed the enemy's first line and reached the dugouts where the prisoners were taken.

German ammunition is proving ineffective and an increased number of "seventy-sevens" are failing to explode. Among a batch of seventy German shells of this caliber thrown against American positions thirty-four of them were "duds," or dead projectiles.

American patrols now report that the Gemans are maintaining watch dogs at every listening post, utilizing the keen canine ears to give warning of approaching soldiers.

COSMOPOLITAN ALEXANDRIA.

An Example of the Character of Some of the Work That is Being Done Here.

Already there are many signs of the cosmopolitan character which the city of Alexandria is taking on, since the attention of the public has been turned in this direction. A few days since a Finnish woman, with three children, one a little baby in arms, was found by a young lady, on the steps of the city postoffice building. She had come here to meet her husband who was a carpenter, but in some way had gotten the wrong address and was seeking him through the postoffice. She was in great distress of mind, with no money and unable to speak a word of English. She was taken to the Children's Home where she and her children were cared for until the father was located three days later. A happy and united family are the result of a little thought and co-operation on the part of organized efforts.

This is but one example of many that could be given of the value of the Children's Home, the only open door in Alexandria where any woman or child can find a helping hand at any time. And yet, so indifferent and ignorant of the situation are the general run of the citizens of Alexandria that but a small proportion of them contribute to this home charity. Responses are hearty and generous to calls that come to send money away from the city, but where the money is spent in the city, and for the good of humanity, in general, because the demand is less picturesque and is put forth in more modest manner, the response is so small that at the last meeting of the Board of the Childrens' home, the treasury was empty and bills to the amount of fifty dollars were unpaid.

Charity certainly begins at home, although it should not end there. There is no patriotic duty more insistant or valuable than that the local institutions which have been building up because of a crying need of their services, should be amply supported before any thing else is done. At the end of the war, our condition will be all worse, even when victory is ours if we have permitted the institutions that are for the conservation of the spiritual forces to lapse.

Everyone who can do so is urged to send a check, if it be only for a small amount, to assist in the work which is being done.

WAIVED EXAMINATION.

Brice was brought before the Police Court this morning when he waived examination and was sent on to the grand jury.

THE CASE OF FINLAND.

The attempts of the Finns to establish their liberty during present conditions in Russia are being watched with interest. The Christian Herald contributes an interesting chapter in the shape of the experience of the Finns for many years.

The Finns have always objected to being classed as Russians. Of Mongolian descent, they were among the earliest of the Oriental races to cross the Urals and descend upon the fertile plains of Russia. They were gradually driven to the inhospitable north by successive waves of immigration. They are first cousins to the Magyars of Hungary and distant cousins of the Turk.

Like the Celts of Ireland, the Finns were never able to establish an independent state capable of resisting the external pressure of Teuton, Slav and Turk. In the twelfth century they were brought under the sway of the roving Vikings, who organized a crusade to convert the heathen Finns.

Since then thee country has buffeted about between Sweden and Russia. Peter the Great conquered a part of it, but the entire country was not annexed until 110 years ago. Then it was really a union and not an unconditional surrender. The Czar took the title of Grand Duke of Finland, and as such he continued to rule until the abdication of Nicholas II. The fundamental laws of the country were officially recognized and confirmed by each succeeding autocrat, although in recent years there had been much encroachment on the rights of the independent Finns in the attempt at Russification. For this reason there has been great unrest for more than two decades.

Until 1898 Finland had not been required to furnish soldiers for the Imperial Russian Army. In that year the Czar informed the Diet (Congress) that the military service must be made to conform to that of the rest of the empire. Finnish susceptibilities were aroused, as this seemed but the opening wedge for the destruction of all their liberties. The people entered upon a campaign of passive resistance. Every man, woman and child dressed in mourning on the Sunday succeeding the manifesto. Bells were tolled in the churches and places of amusement were closed. Many thousands emigrated to the United States.

WHAT WE SHOULD EXPECT.

If any doubt remained in the mind of any allied government that Germany's war is a war of conquest and aggrandizement, that doubt has been completely removed by the terms of peace which she has benevolently offered Russia. And if any individual citizen of any country now arrayed against the central powers failed to realize what would happen to him if Germany should win ,he must at last realize it from the experience which the Russian people are having.

No circumstance since the war began has more clearly exposed the motives of Germany and the duplicity of German diplomacy than has the revelation of the terms proposed by her to the Bolshevik government. Not only does she badly announce her determination to occupy Poland, Lithunia, Riga and Moon Island, but she demands a tribute of $4,000,000,000 as the price of peace.

It is as clear as daylight, therefore, that Germany is the arch hypocrite of all history. That country has prated for more than three years about a war that was force upon her; about unwillingness to engage in aggressive measures; about the necessity of defending herself against the determination of her enemies to ruin her, and about the sacrifices she was making to preserve her territorial integrity. She has insisted that she entertained no dreams of world domination and no designs upon the autonomy of her neighbors. She only entered Belgium as a "military necessity"; she only sunk neutral merchantmen as a defensive measure; she only killed women and children of England from the air because London was a military base."

LET WELL ENOUGH ALONE.

We see that Col. E. B. White, of Leesburg has announced his candidacy for congress in opposition to Hon. C. C. Carlin, who has filled the office most acceptably for several terms. We have read the platform of Col. White closely and with much interest and notice what he would like to accomplish. It makes good reading matter but will not get many votes here. Every one knows that when a new congressman is elected it takes a long time for him to learn the ropes and tricks. Now Carlin has been in Congress for a long time, is on important committees and has been able to accomplish much for his constituents as well as the Eighth District. He was instrumental in having the Key bridge bill put through and work started at an early date, and recently he had the ship building plant located at Alexandria, employing hundreds of men, and infusing new life into that old town.

Carlin has been easy to reach, willing to help, a true friend, and now the people are going to return that friendship by giving him the nomination and election to congress again. Mr. White, you have a colossal job on your hands when you try to take Charlie Carlin's place away from him because men who have never supported him before are now solidly behind him.—Alexandria County Monitor.

Congressman C. C. Carlin, of Alexandria, is a candidate for re-election to represent this, the Eighth Congressional District, subject to the primary, which will be held in August. He has already given us the best service of any one we have sent there for many years past, and it is but the duty of the voters to return him to his seat unanimously. His clean cut record and his untiring activities in the interest of his constituents deserve some commendation at the hands of the people, and to put up opposition against him is but mere idle folly, and should not be considered for one moment. His friends say that he has made the best representative we have ever had, and his enemies admit that he has given them satisfaction.—Orange Observer.

PREDICTS GERMAN REVOLT.

A revolution in Germany was predicated by Dr. Cohn, Independent Socialist deputy, in an address to the Reichstag Friday, the Volkszeitung, of Cologne, says: "Dr. Cohn's address, made during the debate on the peace treaty with Ukraine, threw the Reichstag into an uproar."

"It is not correct to say that people of Russia's Baltic provinces are longing for German rule," he declared. "The treaty with Ukraine is not the first step toward general peace. I see the day coming when revolution will reach Germany and the people will take the fate of their rulers into their own hands."

The Independent Socialist cheered the speaker.

There are said to be numerous indications in Germany of a very systematic campaign to promote a new general strike, says a Berlin dispatch to the Weser Zeitung, of Bremen.

Polish members of the Austrian Parliament are continuing the outspoken criticism of Germany occasioned by the terms of the Ukrainian peace treaty and the resumption of military operations against the Russians. German newspapers reflect the irritation caused by the attitude of the Poles.

MADSTONE REDIVIVUS.

Two persons, one living in Loudoun and the other in Fauquier county, have recently been bitten by supposed mad dogs. In both cases the victims repaired to a certain justice of the peace in Loudoun who applied the madstone with results said to have been satisfactory.

The madstone was believed in half a century ago throughout a large section of Virginia. There was one in Albermarle county which had been handed down from generation to generation. It was said that should the stone fail to adhere to the wound this was prima facie evidence that the cur which inflicted the bite was not mad. If, however, it stuck and was greenish when removed it showed that the stone had extracted all the poison from the party who had been bitten.

The madstone which is in requisition in Loudoun is one of three, now in the justice's possession, which were inherited by him from his father to whom they were given by an uncle who brought them from India.

Dr. Houck of the U. S. Bureau of Animal Industry, when the use of the madstone was called to his attention, said its use is considered by scientific men a sort of superstition and causes very dangerous delay. The only safe thing to do when a man is bitten by a dog suspected of rabies or hydrophobia is to take him to the nearest Pasteur institute as quickly as possible.

SEES DANGER OF RACE WAR.

Bishop Bashford Warns Churches They Must Meet Crisis.

New York, Feb. 25.—In spite of the world war, the Methodist Episcopal Church will commemorate the centenary of its missionary work this year by entering upon a world program of missionary endeavor, according to a statement made here last night by Bishop James W. Bashford, of China.

"Had our churches spent $40,000,000 in Russia during the last forty years," democracy would have stood firm in the crisis brought about by revolution," declared Bishop Bashford.

A vast responsibility rises before us. We must first win the war, and then win the world. Two great obstacles meet us—German militarism and moral weakness. The first we are in a fair way to solve, but the second we still face. Half the world needs to be brought into line. A huge possible race war is the alternative.

"I am not needlessly alarming. Those of us who have studied conditions over the world see it. It is of no avail to declare such a race war impossible. Civilization thought such a war as is at present going on out of the question. With the colored races now slightly outnumbering the white races of the earth, with South America, one of the two great unoccupied regions of the earth, filling up with a mixed and white and colored population, with Malasia, the other great unoccupied region of the earth, filling up with oriental races which will number 300,000,000 or 400,000,000 before the close of the century, who doubts that if the white races continue to dominate every continent by military power and to exclude the yellow races from five of the six great continents and to limit their countless millions to a portion of Asia, there will arise a race war in comparison with which our present struggle will prove a skirmish."

HURLS BABE TO DEATH.

Wild Auto Sweeps Sidewalk, Fatally Injuring Child's Father.

Baltimore, Md., Feb. 25.—A baby girl was killed, her sister seriously injured, and their father so badly hurt that he is not expected to live, as the result of an automobile accident which occurred yesterday afternoon. The driver of the machine is in the hands of the police.

In an endeavor to pass in front of a southbound Fremont avenue car, James M. Quinlan, the driver of the machine, lost control of the automobile and it dashed over the curbing. The big roadster swept along the sidewalk, knocking down Samuel Brocator and his two daughters, Grace, aged 4 years, and Josie, aged 2 years. The youngest child was thrown violently against the curbing on the opposite side of the street, and died almost instantly.

The father and the other little girl were caught in the fender of the machine and dragged about 50 feet down Fremont avenue, where the car collided with another machine. The second child was badly lacerated about the face and forehead, but escaped without any further injury. The father was so badly injured that he is not expected to live.

Quinlan was arrested, charged with injuring Brocator, causing the death of the baby girl, Josie, and operating an automobile without a license.

New York, Feb. 25.—Capt. David A. Henkes, Sixteenth infantry, U. S. A., has been sentenced to dismissal from the service and confinement at hard labor for 25 years by a general court-martial held at Governors Island.

Capt. Henkes was stationed at San Antonio, Tex., last May and wrote to the Secretary of War, urging him to accept the resignation, which he had already submitted, and giving reasons which, he declared, would no longer allow him to serve as an officer of the American army.

Governor Davis has announced the appointment of the following members to the board of visitors of William and Mary College, subject to the consent of the senate: Dr. James H. Dillard, of Charlottesville; Southall Farrar, of Amelia; Carroll Pierce, of Alexandria; R. P. Cocke, of Williamsburg, and Daniel T. Greene, of Norfolk, each for a term of four years beginning March 7.

He also appointed, subject to the approval of the senate, George B. Bowies, of Sandidges, to be a member of the board of directors of the Virginia state epileptic colony for a term of six years, beginning March 1. Oscar F. Weisiger, of Richmond, was appointed a member of the board of directors of the state penitentiary for a term of five years, beginning March 1.

James Belwood, of Chesterfield county, was appointed a member of the state board of charities and corrections for five years, beginning April 1. Thomas R. Keith, of Fairfax; C. W. Woolfolk, of Orange, and Robert S. Cochran, of The Plains, were appointed members to the board of visitors of the Virginia School for the Deaf and Blind at Staunton for a term of four years, beginning July 1.

John Stewart Bryan, of Richmond; Goodrich Hatton, of Portsmouth; Alexander F. Robertson, of Staunton; H. Dalton Dillard, of Rocky Mount, and C. INSTRUCTIONS TO BAKERS.

Food Administration Issues Orders Concerning Use of Substitutes for Wheat Flour.

The State Food Administrator at Richmond sends out the following: "A telegram received from Federal Food Administrator Herbert Hoover of Washington states that all bakers are required to use twenty per cent of substitutes in bread and rolls, beginning Feb. 24th and those wilfully refusing to comply will be compelled to close. Bakers who cannot procure substitutes are required to file affidavit and upon agreement to cut down their bread volume to eighty per cent normal, will be given permit to operate until substitutes are procurable, but not longer than ten days."

The food administrator also says that baking regulations have been amended to allow the baking of a three-quarter pound loaf. A variation of this weight of an ounce or three-quarters of an ounce over or three-quarters of an ounce under are permitted in the case of individual loaves, but the average weight of not less than twenty five loaves must not be less than the prescribed weight. The new three-quarter pound loaf may be baked singly or in twin forms—two to a pan—and the manufacture is subject to the same rules as all other bread. The new weight loaf does nothing more than to add another loaf size. It is not intended to displace the one-pound loaf, but was simply adopted as a wheat saving measure on the showing that in some large cities there are many families which require less than a pound of bread per day. The price of the three-quarter pound loaf should be relatively lower than the pound loaf.

GERMANY SURE TO FAIL.

Gibbons Contrasts Kaiser's Aim With Work of the Apostles.

Baltimore, Feb. 25.—The German war aims are due to fail, said Cardinal Gibbons yesterday in a striking sermon, preached at the cathedral here. He discussed the "Marvelous Diffusion of the Primitive Christian Religion."

A throng that filled the edifice listened to the cardinal.

The cardinal declared that "the present world-wide war is a striking illustration" of the fact, that "schemes conceived in passion and fomented by lawless ambition are doomed." His eminence said, in part:

"What a contrast presents itself to our minds between the peaceful conquests of the apostles and their successors. The apostles conquered kingdoms not by force, but by persuasion; not by the material sword but by 'the sword of the Spirit which is the word of God.'

"It proves that all schemes conceived in passion and fomented by lawless ambition, of which the present world-wide war is a striking illustration, are doomed, like the mountain torrent, to carry terror before them and to leave ruin and desolation after them, while the mission of men laboring in the name and under the inspiration of heaven is destined, like the gentle dew of heaven, to shed blessings around them and to bring forth abundant fruit in due season.

"Let us earnestly pray that our brave young soldiers may heroically fulfill their glorious mission and that they may soon return triumphant to their families and to their beloved Columbia, the mighty mother of us all."

SUNDAY TO GET $40,000.

Sunday Committee "to Put it Over" In Collections This Week.

The expense fund, $52,000 for the Billy Sunday eight-week campaign was completed yesterday, and all contributions this week, the last of the revival, will go to Billy himself. This announcement was made to more than 15,000 people, who crammed the tabernacle to its utmost capacity last night.

John C. Letts, treasurer of the campaign committee, announced that "Washington has put it over," and then directed that envelopes be passed by the ushers so that citizens might begin sending in checks for Billy's personal benefit. He said that collections would be taken at each meeting this week and next Sunday, and that the amount thus raised would go as a personal offering to Billy. They expect the gift to Sunday will amount to $40,000.

AUSTRIA NOT AT WAR.

Premier Says She is Not Participating With Germany in Invasion of Russia.

Amsterdam, Feb. 25.—The Austrian Premier, Dr. von Seydler, addressing the lower House at Vienna Friday, declared again:

"Austria-Hungary is not participating in the military action which Germany is at present taking against Russia. There has been no advance of Austro-Hungarian troops into Ukraine, with which we are at peace.

"With regard to Roumania, an armistice exists between Austria-Hungary and that country. Peace negotiations will begin within the next few days."

The Premier's statement was received with applause from all parts of the House.

MARINE DISASTER.

Vessel Pounds to Pieces on Rocks. While Gale Beats Back all Attempts at Relief.

Halifax, Nova Scotia, Feb. 25.—The Florizel, of the Red Cross Line, pounded herself to pieces yesterday on the rocks of the Newfoundland coast and with 136 persons aboard sank last night while watchers on shore and a fleet of rescue vessels only a short distance away stood ready to lend assistance. Reports late last night indicate not a soul aboard the Florizel had escaped.

Bodies are drifting ashore, telling the tale of the lost battle for life. The liner crashed onto the rocks early yesterday morning, only three or four ship-lengths from shore. She was bound from St. Johns, Newfoundland, to New York, via Halifax.

A short time later, a number of steamers and warships were dispatched to her assistance and a relief train was made up and sent on its way. Early last evening, a light in the forward part of the half-submerged vessel afforded the hope that some lives could be saved and everything was made in readiness for the shooting of rockets carrying life lines. All during this time maddened seas, driven in the teeth of a raging blizzard, were breaking over the decks of the stranded vessel. Little by little her resistance—she was built especially for battling with the weatner of the Newfoundland coast—gave way, and last night with rescuers on every side her last effort for life gave way and she went down with her entire complement with the exception of five or six bodies which previously had been washed ashore.

RUSSIA YIELDS TO GERMANY.

State Department Not Surprised at Signing of Pact by Bolshevists.

Washington, Feb. 25.—Official Washington was not surprised at the news last night that Russia had accepted Germany's peace terms.

The State Department was without official confirmation of the news up to a late hour last night, but full credence is given the press reports that the Russians had made peace, in view of the situation as it had been reported by Ambassador Francis.

There is no disposition in any quarter to minimize the serious effect of the final conclusion of this long-foreshadowed event.

Experts at the Food Administration, and the State Department insist that the central powers will gain little advantage from their triumphs in the East this year. The real importance of the Russian peace may be summed up as follows:

The German people will be assured that a great military and diplomatic triumph has been scored by the rulers whom they were already beginning to question.

The German people will be assured of ample food supplies next year—possibly of vastly increased man-power from the conquered provinces.

Under these circumstances, no one in official or diplomatic Washington is willing to say that Germany this year will crack under the strain.

Allied diplomats here have long estimated the Russian debacle on these terms. The State Department has also generally accepted this estimate. Both considered it to mean that the war must now be fought out on the Western front with Germany and the allies for the first time on equal economic terms.

FIXES PRICE OF WHEAT.

President Declares Figures Quoted Will Permit Reasonable Profit For Grower.

Washington, Feb. 25.—President Wilson has raised the governmental guaranteed price for the 1918 wheat crop as high as $2.28 a bushel in one primary market and in varying sums in all other primary markets except four.

Acting under authority of the food law, the President thus met the agitation in Congress for higher prices and took steps to stimulate production and prevent holding back the crop while the agitation was going on.

The prices fixed, the President declared, would assure the producer of a reasonable profit. On the basis of No. 1 Northern spring wheat and its equivalent;the Presidentn fixed prices as follows:

Chicago, $2.20; Kansas City, $2.15; Minneapolis, $2.17; New York, $2.28; Newport News, $2.27; Charleston, S. C., $2.27; San Francisco, $2.10; New Orleans, $2.20.

The equivalents of No. 1 Northern, to which the same price applies, are No. 1 hard winter, No. 1 red winter, No. 1 durum and No. 1 hard white. The wheat must be harvested in the United States during 1918 and sold in the market before June 1, 1919. The President's proclamation states that the action is to meet an emergency requiring the stimulation of wheat planting.

HUNTERS OF FOXES.

House of Delegates Rejects Norris Bill as to Hunters' License Tax, 38 to 29.

Because it failed to secure the "two-fifths" vote necessary for passage, Robert O. Norris' bill to exempt fox hunters from hunting license tax, was rejected by the House of Delegates Saturday. The vote stood 38 to 29. The bill is still on the calendar under motion to reconsider.

The only notable accomplishment during the day's session was passage by the House of its bill to repeal the law providing that the offices of secretary of the Commission of Fisheries and the Shellfish Commissioner shall be filled alternately from the Eastern Shore and the Western Shore. In the Senate most of the day was given over to the discussion of ways to provide for enlargement of work being done by the Catawba Sanatorium toward curbing ravages of tuberculosis.

In the House all of the uncontested local bills on the third reading were passed. This body also passed all Senate bills on its calendar to the final reading.

Oppose Opening Sunday.

Petersburg, Va., Feb. 25.—Right on the eve of the opening of the Liberty theater yesterday at Camp Lee came a protest from the Petersburg ministerial association against Sunday shows. The protest was delivered to Brigadier General Brett, but it is understood the matter of holding shows on the Sabbath already is in the hands of the Fosdick commission.
